Web site's contest is going to the dogs

If you own THE dog, love show and think green, this could be your main event of the season.

Boca Raton-based America's Top Dog Model Contest is conducting its fifth annual event with the theme "Go Gorgeously Green," focusing on how well you have reduced your stylish canine's carbon paw print. Ideas for an environment-friendly pooch are on its Web site: americastopdogmodel.com.

The 2009 contest opened in January and is to continue through May 22. To enter, see the Web site or send a stamped, addressed envelope to America's Top Dog Model, P.O. Box 273525, Boca Raton, FL 33427-3525.
