2009 contest winner Dudley goes gorgeously green

Calling all Orlando pups, get your picture on a calendar while helping *save the planet*.

[America's Top Dog Model ®](#) Contest is a national search for "top dogs" with style. The competition now in its fifth season is one of the "hottest" dog contests in America!

[America's Top Dog Model ® 2010 Contest](#) started December 1, 2009 and ends May 15, 2010. The contest theme "*Go Green with Style*" continues America's Top Dog Model ®'s mission to promote the importance of sustainability. According to the American Pet Products Manufacturers Association 2007-2008 national pet owner's survey, there are 74.8 million owned dogs in the United States alone. Together, dogs and their owners can make a difference in helping to *save the planet we all share!*

During [America's Top Dog Model ® 2010 contest](#), the search will be for America's *top dogs* who are "*living green*." Contest photos should reveal what dog owners are doing to reduce their pooch's *carbon paw prints*.

America's Top Dog Model ® 2010 competition combines all contest themes over the past five years: fashion, home, travel, entertaining, and sustainability, all rolled into one eco-chic lifestyle.

Get your entry in and follow along in the months ahead, as they search America for *top dogs* who are "*eco-friendly*."
