## "Peaches" the Cream of America's Top Dog Models

Jun 4, 2015

Peaches, a 3 year old Yorkshire terrier owned by Bob and Claire Spielman of Lake Worth, Fla., can add 2015 America's Top Dog Model to her pedigree.

America's Top Dog Model 2015 Contest theme was Helping Paws where contestants could have actual employment or volunteer work as a service, therapy, rescue, police, military or reading dog—or they could be professionally photographed demonstrating a human job that "their people" imagined would be a good fit.

America's Top Dog Model of Boca Raton, Fla., received more than 400 entries for this year's competition and out of those Peaches emerged as top dog.

"What stood out to the judges was that Peaches was not only a dedicated therapy dog but that she was also a top dog model," said a spokesperson for America's Top Dog Model. "They also felt that her contest photograph well depicted both of these roles and best represented the contest theme."

Peaches is a graduate of Share A Pet, a Ft. Lauderdale, Fla. based program that provides certification and insurance for pet owners who use their pets in therapy work.

"Peaches has brought so much joy to children in homeless shelters and hospitals," said Claire Spielman.

"She also visits patients in nursing homes, but she seems happiest working with children," Spielman added.

"We felt Peaches was a perfect match for pet therapy," she said, "as she is small, bright, obedient, and irresistible. When her little vest goes on, she knows its time to visit the kids."

In 2014, Peaches won the World Wide Terrier Photo Contest.
